BENJAMIN, BAIN, HOWARD & COHEN, LLC is a specialty firm serving businesses in dispute resolution, real estate, commercial and construction transactions. The firm represents a variety of businesses, as well as individuals, with respect to business interests, real property transactions, commercial and construction disputes and investments. Clients turn to the firm for advocacy in various business situations including a wide range of real estate services, commercial disputes, entity breakups, business torts and securities and contract litigation.

The firm has significant experience in commercial and residential real estate development. It helps resolve myriad issues and complications that arise in acquiring, selling and developing real estate. The firm also represents owners, developers, contractors and suppliers in resolving construction disputes, such as defect claims, delay and disruption claims and disputed changes, that arise during the design and construction of commercial, residential and industrial projects.

The firm also brings experience handling scores of security arbitrations. Its litigators have also prosecuted and defended breach of fiduciary duty, fraud and other business tort claims.

The firm's attorneys have practiced in large, prestigious firms, but prefer the atmosphere of a smaller firm. Not only is the atmosphere more relaxed and collegial, it also allows the firm to meet its clients' needs more efficiently and economically. Leading the firm is a team of dedicated and skilled counselors and advocates, including attorneys James Benjamin, Alvin Cohen and Wesley Howard, who have been named to this year's *Super Lawyers*® list.
